Doc	Type	Announcement
	No	2019/…
	Subject	BISTECH 2.9 Version Release
	Apr. Date	23/07/2019
	From	Information Technologies, Market Operations
	To	Members, Data Vendors and Independent Software Vendors (ISVs)

To Whom It May Concern,

The new version of BISTECH (2.9 version) is planned to be in production as of **August 26, 2019**.

BISTECH Member Test Environment has been updated with the new version 2.9 and it is expected that you will test and check the new version before implementation.

Information on access to test environments can be found in the "Test Environments Information Document" at the following link:

http://www.borsaistanbul.com/en/bistechsupport/technical-documents

In this regard;

i.   BISTECH Member Test Environment (pre prod test environment with IP no: 10.57.3.8) has been updated with version 2.9.

ii.   Member tests for BISTECH 2.9 version will be performed between July 22, 2019 and August 9, 2019.

iii.   It is expected that members and Data Vendors will perform their daily operational work, which is currently performed within the production environment, in the BISTECH Member Test Environment as well.

iv.   FIX API Order Entry and Drop Copy Protocols have been revised and the related changes are listed in the "Revision History" section of the document. FIX Protocol document can be obtained from "BISTECH PHASE 2+ (EQ+DT+BAP+KMTP)" link under "FIX Protocol Technical Specification" tab, on the page **http://www.borsaistanbul.com/en/bistechsupport/technical-documents**.

v.   TIP Protocol document has been revised and the related changes are listed under the 'Revision History' section of the document. TIP Protocol document can be obtained from "BISTECH PHASE 2+ (EQ+DT+BAP+KMTP)" link under "TIP Protocol Technical Specification" tab, on the page **http://www.borsaistanbul.com/en/bistechsupport/technical-documents**.

vi.   Access to Trading Workstation (TW) application that will be used by Equity Market, Derivatives Market and Fixed Income (FI) participants has been updated. The following features of FI market has been added to TW.

- Filter options related to "Transaction Status" is added to "Executions Screen".
- "Transaction/Private Transaction Report" column is added to Non-Clearing Transactions screen.

With the new version of TW application, you must log in by selecting Delete Log Files option at the first login to the system.

The new version of TW (TW_4.0.1055_80_BIST-1.68.14.1622_r141622.msi) can be obtained from the following link **http://www.borsaistanbul.com/en/bistechsupport/client-applications** and **http://192.168.75.10/ueay**

Please feel free to apply for support with an e-mail to **bistechsupport_autoticket@borsaistanbul.com** for all questions and problems.

Kindly submitted to your information.

Yours Sincerely,

Ali ÖMÜRBEK   Ali IŞIK
